Bratislava: International Youth Music Festival

Slovakia

Csiperó

Future of Europe International
Children and Youth Meeting

Hungary

30 JUN - 13 JUL 2018

This is an **invitation**
to a **unique**
combination of **2** music events
in the heart of central Europe

This festival invites musically inclined people from around the world to contribute their talents in the following categories: children and youth orchestras, vocal ensembles, traditional music, folk music, brass and string orchestras, or a combination of both vocal and instrumental choirs. The groups may participate in a competitive or non-competitive setting.

The goal of this summer festival is simply to bring together talented musicians from around the world in an effort that will prove mutually beneficial to all. This unique musical and cultural experience is sure to inspire musicians as they perform and learn together in Bratislava – the city of dreams.

Csiperó Festival is organized in Kecskemét in every even year since 1990. Since then it became one of the biggest youth meeting in Hungary in the spirit of music dance and culture. During these summer days, the city centre comes to life as a huge central stage is set up near the City Hall (that City Hall which was made in Art Nouveau style and every hour gives a pretty carillon). Hundreds of young people attend the Meeting. During the day, young international participants – between the age of 8 and 18 - continuously perform parts of the square, too. They perform theatre pieces, musicals, classical music, folk music, traditional and modern dances or other artistic performances, usually dressed up in traditional costumes or performance dresses. This time of the year many musicians and artists have the opportunity to meet, perform, share culture and get to know each other.

Application deadline: 15 APRIL 2018
